STABALIZER COMP

WAVEMASTER STABALIZER COMP MODEL
BEGINNER TO INTERMEDIATE LEVEL

Wavemasters stabalizer/comp range is a great all-rounder or family fun ski. Designed for the beginner through to the enthusiast.
The Stabalizer comp is a very user friendly ski, which combines comfort with stability to give an ideal family fun ski, with all the performance features to make it very manoeuvrable in surf conditions.

There are 3 models available in this model range to suit weight and height upwards to 125kg approximate.

STANDARD FEATURES

The Stabalizer comp comes standard with wavemasters adjusta block system designed to give perfect seating positioning with simple adjustment, essential for stability and comfort.

Standard Features Include

- Tri fins
- Paddle
- Seat belt

CONSTRUCTION

Is a hand laminated skin using a combination of high grade cloth and mats with polyester resin and gelcoat in a wide range of colours. Wavemasters laminating process provides a special blend of stiffness, durability and toughness. The outer shell is then foam filled using two stage high density foam to form a rigid solid unit.
